- All sessions are mandatory. Attendance will be taken. You may only miss a total 5 unexcused sessions per academic year including vacations.
- Sessions will start promptly at 0600H.
- Quiz (20 – 25 questions) will take place from 0600 to 0630H followed by a 1.5 session of Didactics and Oral Board Case Scenarios.
- Sessions will conclude promptly 0700H.
- All lectures will include the objectives from the SCORE Portal. Objectives will be provided weekly in an Excel format. The objectives for the entire year can be accessed in SCORE.
- Simulation skills lab is required for Juniors (PGY 1, 2, 3) alternating with Seniors (PGY 4, 5) on designated Fridays 9-11 AM immediately after morning academic sessions per schedule.
- All excused absences must be approved with Drs. Wilson/Tran.
- O'Leary's Physiologic Basis of Surgery is textbook of choice for basic science topics.
- Recommended surgery text is: Sabiston and Cameron Current Surgical Therapy.
- Please prepare for the quizzes and the scheduled topic. **Residents are responsible for the objectives provided each week.**
- If you need assistance, please do not hesitate to contact Drs. Wilson/Tran.
